Use of Cookies

This website may use technical cookies (small information files that the server sends to the computer of the person accessing the page) to carry out certain functions that are considered essential for the proper functioning and visualization of the site. The cookies used are, in any case, temporary, with the sole purpose of making the navigation, and disappear when the user session ends. In no case, these cookies provide personal data themselves and will not be used to collect data themselves.

Through the use of cookies it is also possible that the server where the web is located recognizes the browser used by the user in order to make browsing easier, allowing, for example, the access of users who have previously registered to the areas, services, promotions or contests reserved exclusively for them without having to register for each visit.

They can also be used to measure audience, traffic parameters, monitor progress and number of entries, etc., being in these cases technically dispensable cookies, but beneficial to the user. This website will not install dispensable cookies without consent user prior.

This website uses analytical cookies (`_ga` or `_utm`) owned by Google Analytics, persistent for 2 years, to enable the unique visit control function in order to facilitate your navigation. Every user who visits the web is informed of the use of these cookies by means of a floating banner, considering that if you accept the treatment you agree to its use. In the case of accept its use the banner will disappear, although at any time you can revoke consent and Get more information by consulting our Cookies Policy.

The user has the possibility of configuring his browser to be alerted of the reception of cookies and to prevent its installation on your computer. Please check your browser's instructions to expand this information. [Links policy](#)

From the website, you may be redirected to content from third-party websites. Since the RESPONSIBLE cannot always control the contents introduced by third parties in their respective websites, does not assume any type of responsibility regarding said contents. Throughout In this case, it will proceed to the immediate withdrawal of any content that could contravene the legislation national or international, morality or public order, proceeding with the immediate withdrawal of the redirection to said website, making the content known to the competent authorities in question.

The RESPONSIBLE is not responsible for the information and content stored, by title enunciative but not limiting, in forums, chats, blog generators, comments, social networks or any other means that allows third parties to publish content independently on the page RESPONSIBLE website. However, and in compliance with the provisions of articles 11 and 16 of the LSSICE, is made available to all users, authorities and security forces, actively collaborating in the withdrawal or, where appropriate, blocking of all content that may affect or contravene national or international legislation, the rights of third parties or morals and public order. In the event that the user considers that there is any content on the website that could be susceptible to this classification, please notify the administrator immediately from the website.

This website has been reviewed and tested to function properly. In principle, you can ensure proper operation 365 days a year, 24 hours a day. However the RESPONSIBLE does not rule out the possibility of certain programming errors, or that causes of force majeure, natural catastrophes, strikes or similar circumstances occur thatmake access to the website impossible.

IP addresses

The website servers will be able to automatically detect the IP address and name of domain used by the user. An IP address is a number automatically assigned to a computer when it connects to the Internet. All this information is recorded in a file of duly registered server activity that allows the subsequent processing of the data with the in order to obtain only statistical measurements that allow knowing the number of impressions of pages, the number of visits made to the web servers, the order of visits, the access point, etc.
